Johan Rodríguez

Computer Science Student

Address: Cartago, Costa Rica

Email: johanrodsa2210@gmail.com

I'm a Computer Science student at the Costa Rica Institute of Technology. Interested in machine learning, mathematics and software development. Active researcher in the field of artificial intelligence and computer vision. Power user of Linux-based operating systems.

Education

2022 - Present

Computer Engineering

Costa Rica Institute of Technology

Currently studying the Bachelor of Computer Engineering at the Costa Rica Institute of Technology. I have taken courses in computer science, mathematics and humanities.

2019 - 2021

Communication Networks Technician

CTP Santa Rosa de Pocosol

Graduated as a Communication Networks Technician from the Santa Rosa de Pocosol Technical Professional College. I learned about computer networks, telecommunications and programming.

Experience

2023 - Present

Computer Vision Researcher

Costa Rica Institute of Technology

Currently working on a research project in the field of computer vision. I have experience in the use of deep learning models for tasks such as object detection, image classification, facial analysis and image segmentation.

Skills

Languages

- Spanish (Native)
- English (Intermediate B2)
- Japanese (Beginner)

Soft Skills

Problem solving, teamwork, leadership and communication.

Programming Languages

Solid knowledge of Python, C/C++, Java and Go.

Frameworks

React, Vue.js and Jekyll.

Tools

Git, Docker, Vim and Unix-based operating systems.
